2. Tikhomirov, Director General of USIA, called a meeting of the directors and administrators of major USIA undertakings. At this meeting Tikhomirov announced that the capital investment plans which had previously been turned down by him should be re-submitted. He added that the plans will be favorably re-examined, since sufficient funds are now available.
3. Tikhomirov further mentioned that the plans should take into account the possibility of handing over control to the Austrians in 1952.
4. The administrator of the Philip Holmann building firm was asked to ensure sufficient improvement for its production capacity to surpass that of Porr A.G. within one year.
